

Corporate Facilities Management Policy

(Revised March 2020)

The CBM Group (CBM) is committed towards delivering high quality Integrated Facilities Management (IFM) Services to our clients that will maximize the value of their property assets. We strive to understand the diverse characteristics and requirements of our clients' needs, and synergize our unique domain knowledge in IFM by integrating place, process and technology to manage risks and maximize efficiencies of the built environment.

We will evaluate our IFM system periodically to strive towards continual improvements in our operations and provide our clients the assurance to concentrate on their core business objectives.

Roy Chiang
CEO/President
